Now back to bed!")
...wait...what's that sound?")
Is that the attic floor creaking?")
Footsteps?
Nooo, that's must be your imagination.")
Or not?
Do you go back to bed or do you go to the attic?

<kitchen_if_rooibos>
Rooibos is a herbal tea from South Africa.
Some say it helps to improve sleep.
Not sure if that's true.
But it seems to work for you.
Sweet dreams!

<kitchen_else>
Just say Rooibos or pie

<bathroom>
You are in the bathroom.
You've just flushed the toilet when you hear something falling.
The cat is probably climbing the bookshelves again.
Do you want to check out what your cat has done?

bathroom_user_input

<bathroom_no>
Okay
Yeah, you might be right.
It's way too early to check out
what the cat is doing.
It's time to sleep.

<bathroom_yes>
Okay let's go to the living
room.

<Attic>

A cold breeze on the attic makes your hair stand on end.
The dusty rocking chair next to the window starts to rock back and forth.
A thin voice whispers: this is your granny!
Come here. Do you want to hear a story?
Suddenly, another voice starts to speak: Don't listen to her!
That woman is not your grandmother...
Please, listen to me, I'm your grandfather.
Your grandparents?
Ghosts? This is getting freaky!
What do you do?
Flee or listen?

attic_user_input

<attic_listen>
Do you want to listen to your grandfather or your grandmother?

<attic_flee>
You run down the stairs and jump back into your bed.
In bed you try to convince yourself this was just your imagination.
You'll be staring at the ceiling until your alarm goes off.

The creepy voice starts to recite a poem.

This was not your beloved granny.
This was the ghost assistant of Insomnia reciting a scary poem.")
She helps Insomnia by keeping people awake.")
You run down the stairs...
...and jump into your bed.
You'll be staring at the ceiling until you alarm goes off.
And you'll get up on the wrong side of the bed.

<attic_listen_grandfather>
Your grandfather was a lovely man and you have to admit he's a friendly ghost.
His story bores you to sleep, though...
...and the other creepy voice disappeared.

Just answer granny or grandfather or you'll be stuck in this attic forever.

<living_room>
Yes, it was the cat again.
He is hiding behind a plant
on the top shelf.
And some of your books fell
on the floor.")
Do you pick up the books?
Or do you go to the garden
to get some fresh air?

to bed. Thanks cat!

Just answer garden or
books, if you don't want to
be stuck in the living room
forever.

Your crazy neighbour is walking in your garden with a flashlight.
Do you ignore the man or talk to him?

<garden_ignore>
You ignore him.
The man is crazy but harmless.
Last week he saw aliens on your roof terrace.
He'll go back to his own place, when he gets tired.
You'll go back to bed for a bit more sleep.

<garden_talk>
You ask your neighbour what he's doing in your garden, in the middle of the night.
The man is crazy, but harmless.
Last week he saw ghosts on your roof terrace.
{user_name}, this night I've seen a man and a woman staring through your attic's window!', he says.
Pfff. You explain your neighbour that there is nobody else in the house apart from you.")
But back in bed, you start to get a bit nervous, though.
What if your neighbour is not crazy...

<garden_else>
Just answer talk or ignore, if you don't want to be stuck in the garden forever.
